

October 17, 1962

MEMORANDUM FOR RECORD

The President read the checklists for October 15 and 17, but did not read the checklist for October 16. He did not read the document with the checklist for October 15 since the item had been overtaken by events.

The President notes that the Yemen regime seems to be settling in and he feels that we should respond if this regime is finally in the saddle. He would appreciate recommendations on this soonest.

C. V. CLIFTON
